

Setup Email Forwarding

Please login to Wemail Control Panel.(<https://mail.wemail.hk:2222>)

Please click on "Forwarders"

-> Then click on "Create new E-Mail Forwarder",

Then input the Forwarder Name (the original receiving email address) and the Destination Email address (this should also be email address of the same domain as the original receiving email address).

The image shows a screenshot of the 'Create new E-Mail Forwarder' form. The form has two input fields: 'Forwarder Name' with the value 'info@wemaildemo.com' and 'Destination Email' with the value 'peter@wemaildemo.com'. A 'Create' button is located at the bottom right of the form.

(For example, email from info@wemaildemo.com redirected to peter@wemaildemo.com)

Finally click "Create" button.
